

# Introdução ao SolidWorks

Prof. Dr. E.R.Edwards

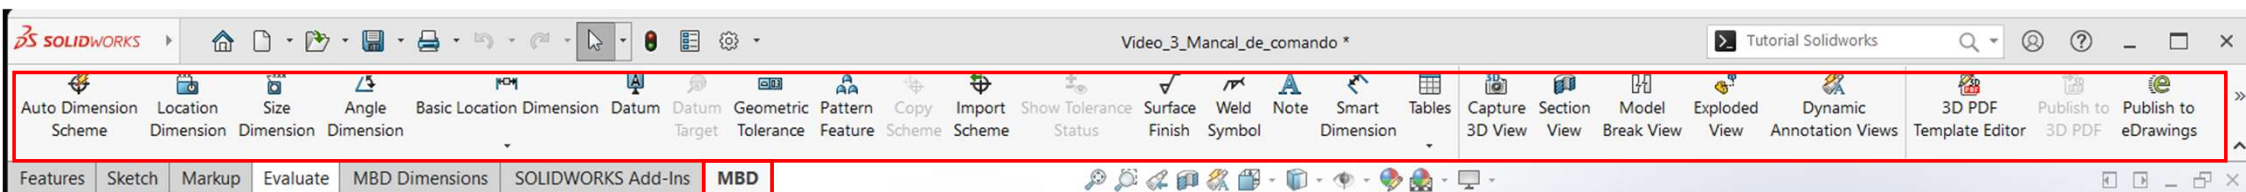

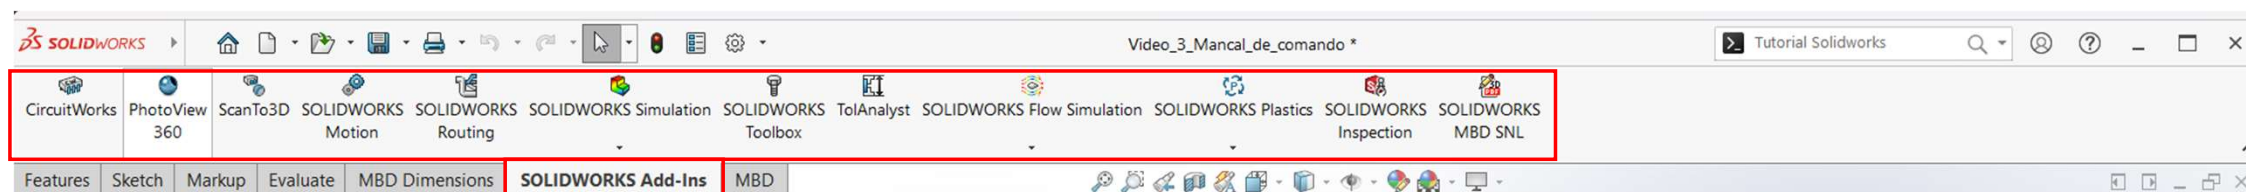

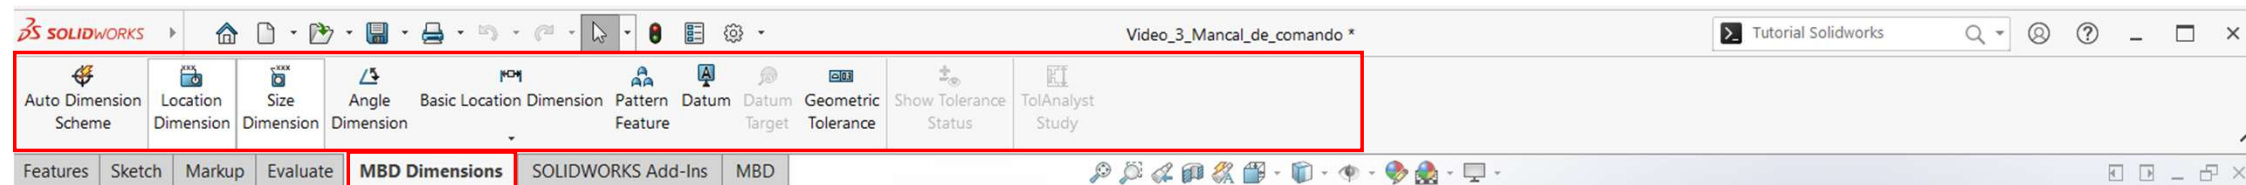

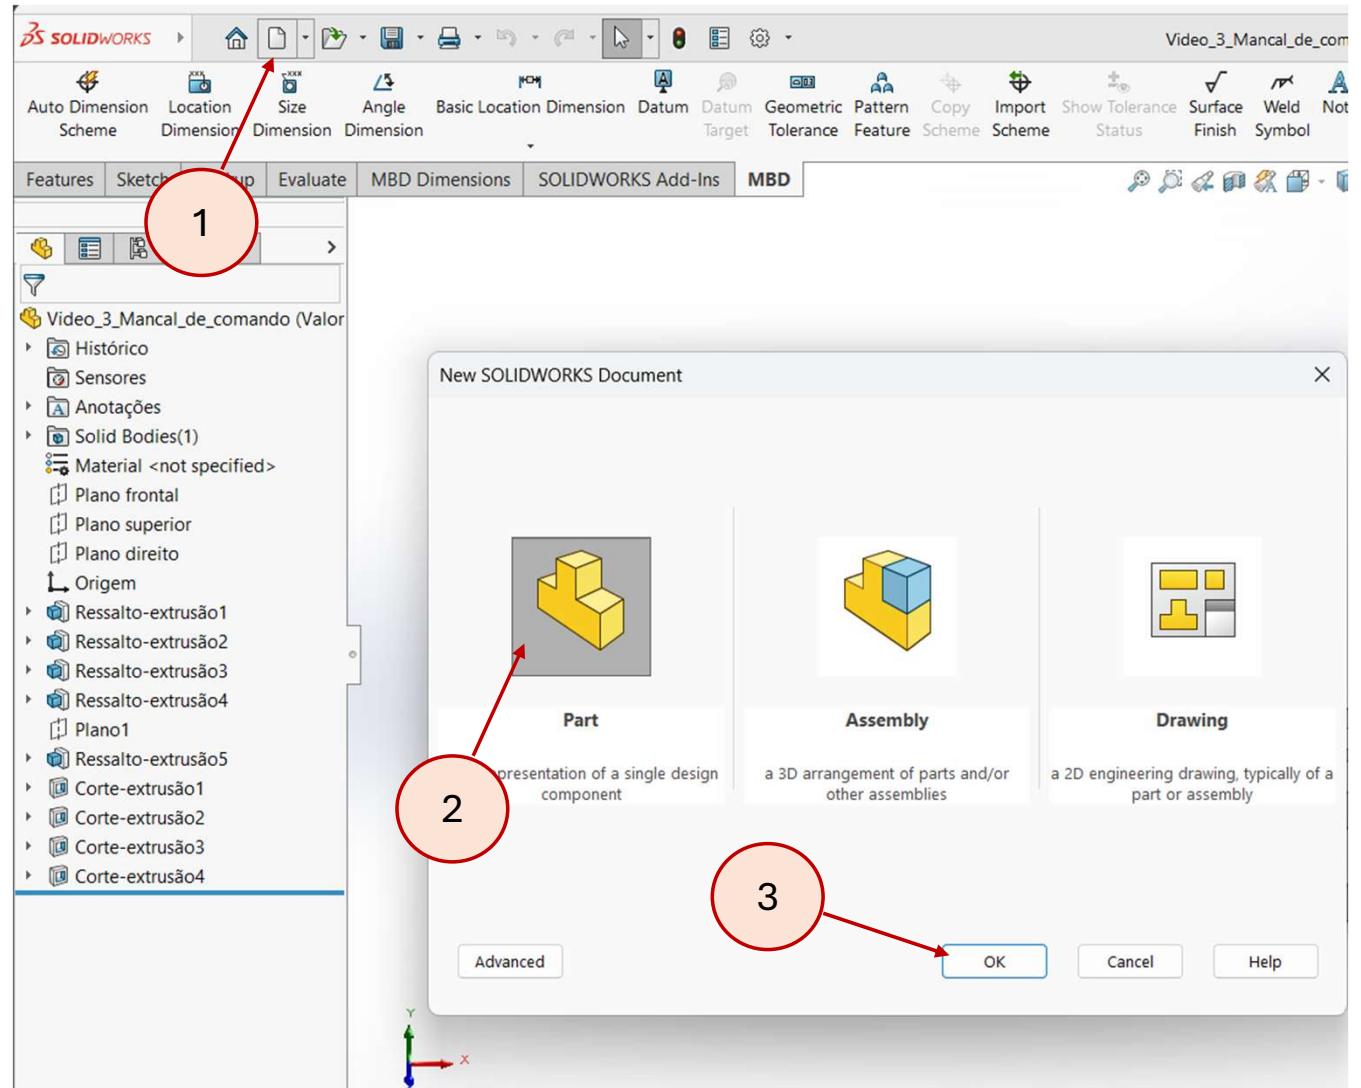

## Como criar um novo Projeto em SolidWorks?

1 - Clique na seta para abrir um novo Projeto.

2 - Escolha **Part**.

3 – Em seguida clique em OK

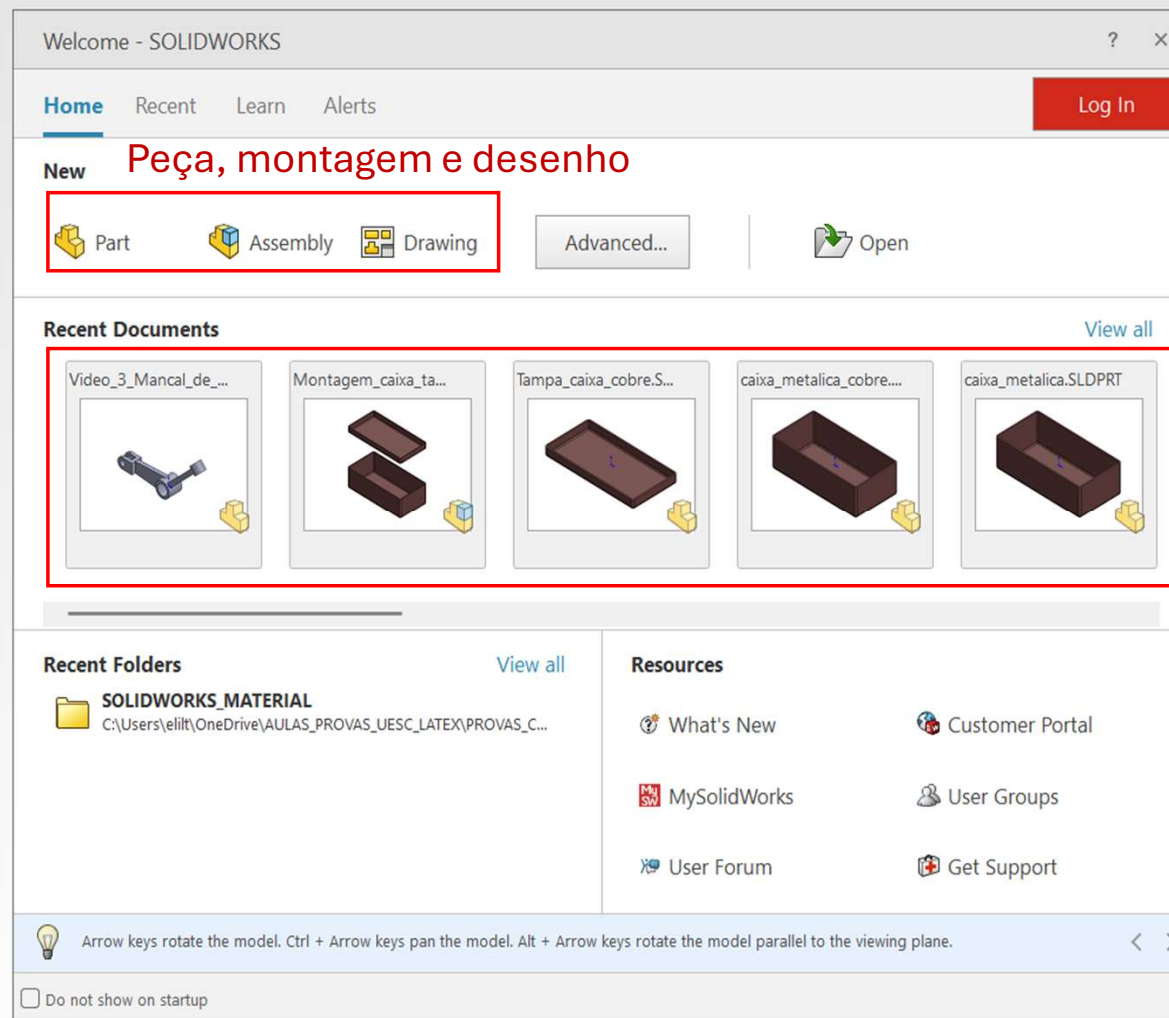

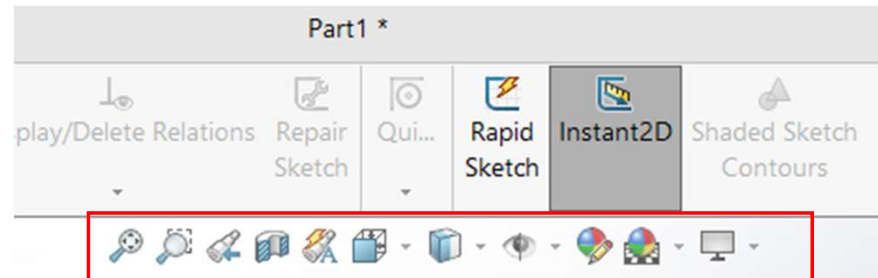

1

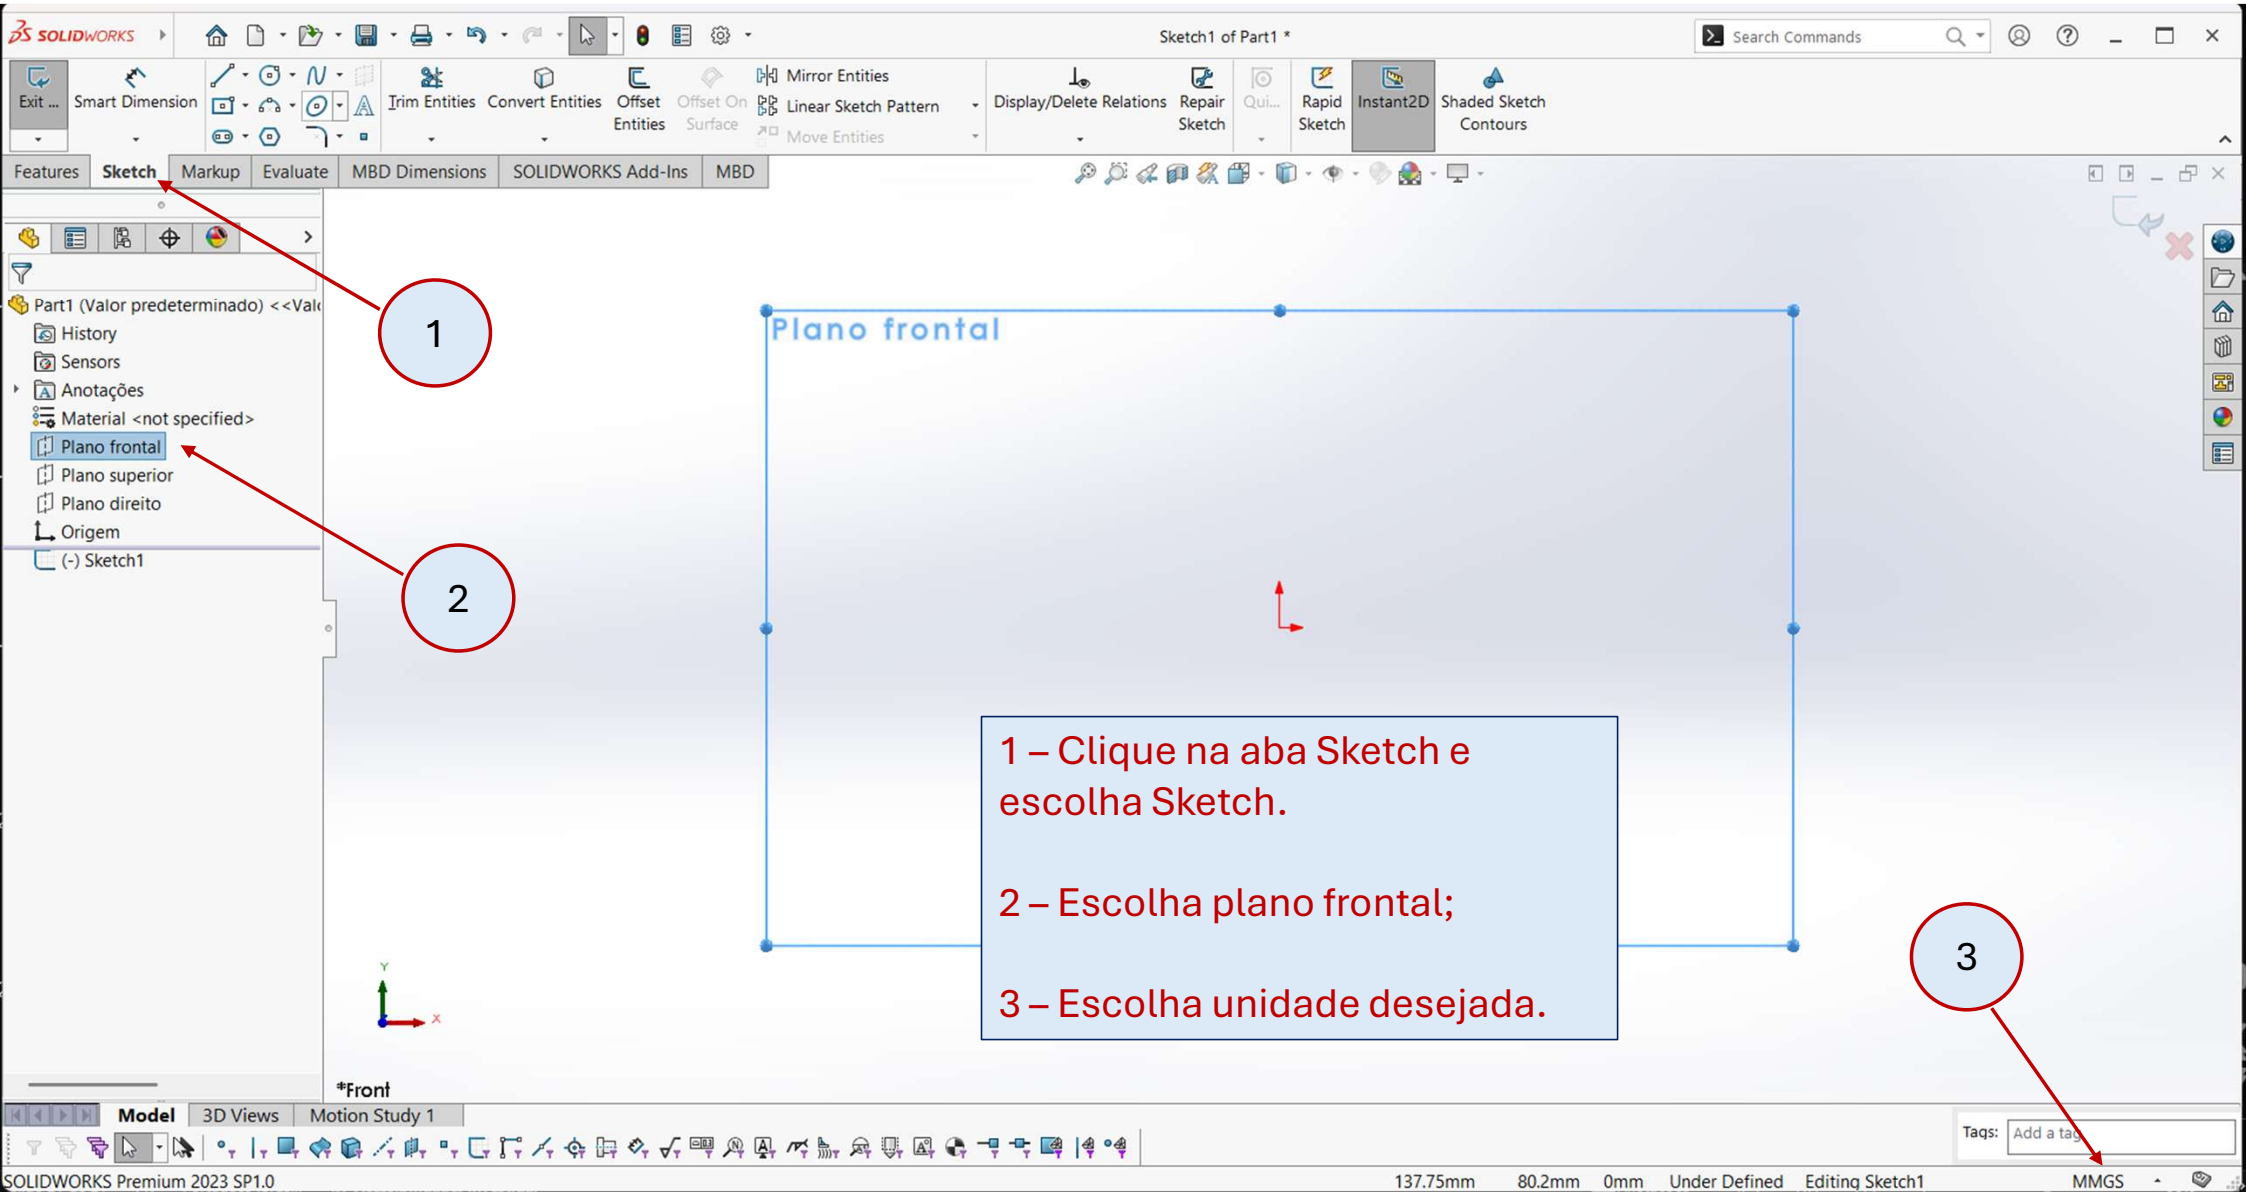

Se você já está usando o SolidWorks com vários projetos, vai aparecer a tela ao lado com a lista de projetos que você está desenvolvendo.

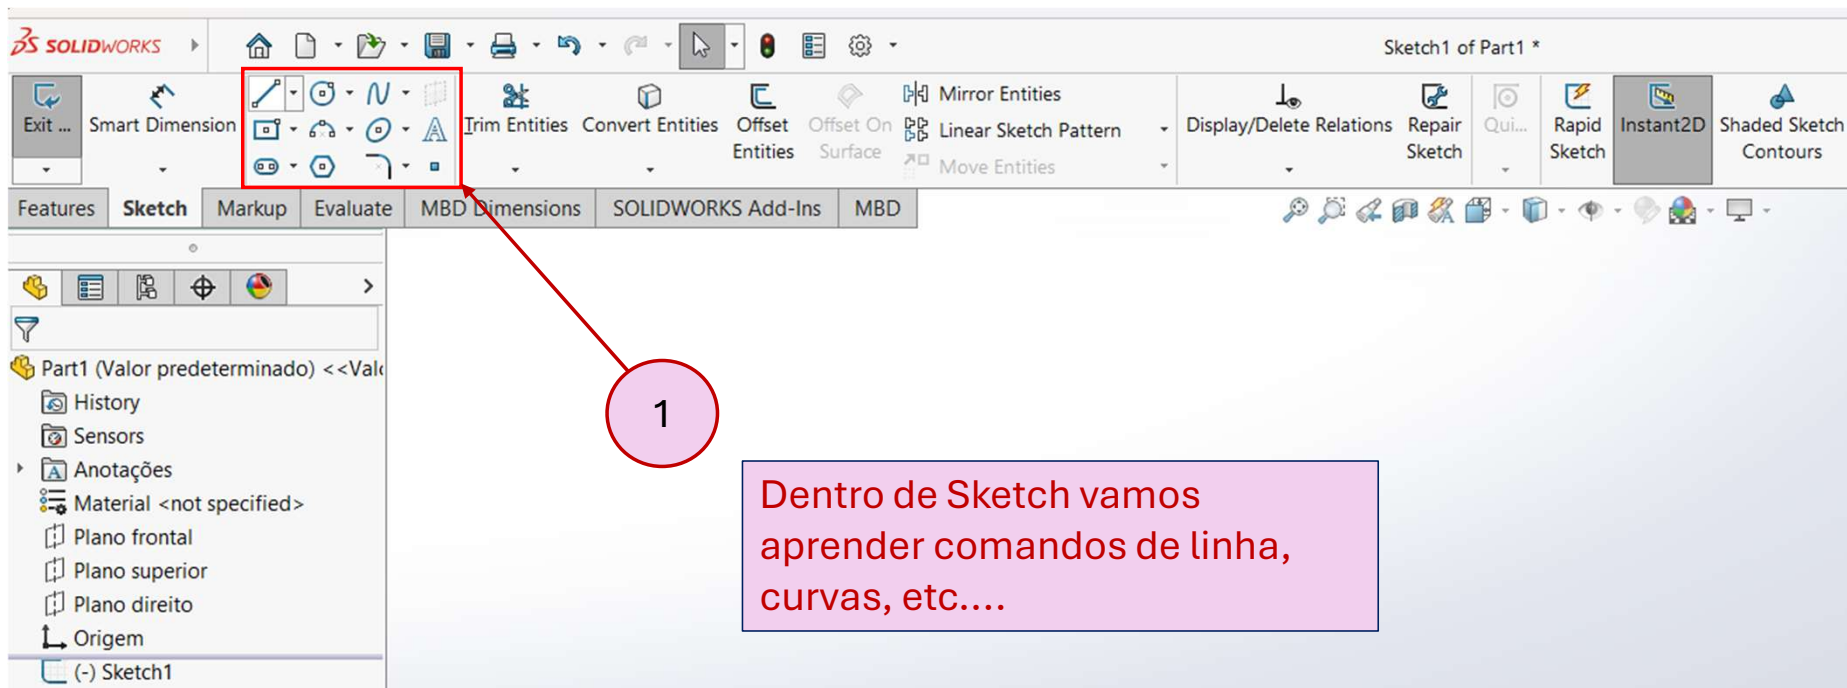

Clique em 1 para abrir um novo projeto ou em algum da lista que você está desenvolvendo.

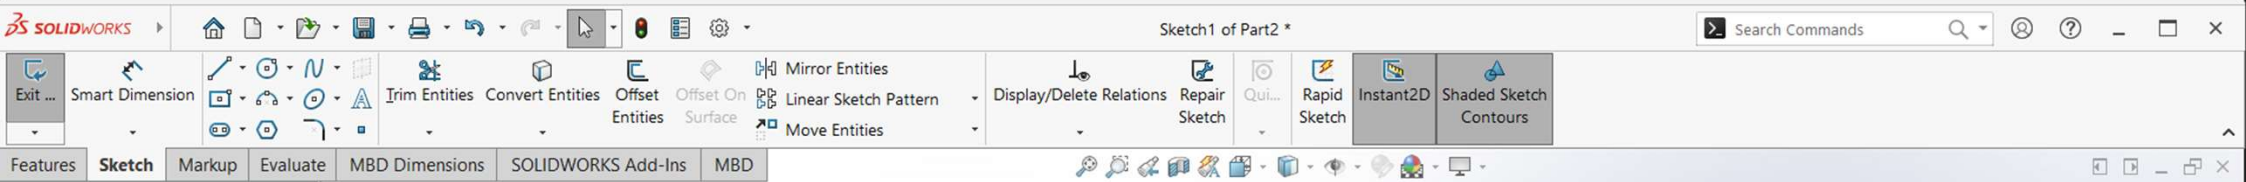

## Botões importantes para visualização do modelo

Orientação geométrica

\*Front
